PRODUCT OVERVIEW & PROFILE

PRODUKTÜBERSICHT & PROFIL

OMEC MOTORS | COMPANY INFO

OMEC Motors is ready to serve you through our entire Global distribution network. With our own manufacturing in Europe and Asia, global distribution hubs, R&D and customer service teams, OMEC Motors provides continuity, reliability and integrated solutions for various industries and sectors.

- ✓ 85 years experience
- ✓ Factories in EU & China
- ✓ Global distribution
- ✓ International stock
- ✓ Skilled engineers
- ✓ Multilingual
- ✓ Premium quality
- ✓ Fast response and delivery
- ✓ 24/7 support
- ✓ Modifications and custom motors

OMEC MOTORS | UNTERNEHMENSANGABEN

OMEC Motors ist bereit, Sie über unser globales Vertriebsnetz zu bedienen. Mit unserer eigenen Fertigung in Europa und Asien, weltweiten Distributionszentren, F & E und Kundendienstteams bietet OMEC Motors Kontinuität, Zuverlässigkeit und integrierte Lösungen für verschiedene Branchen und Sektoren.

- ✓ 85 Jahre Erfahrung
- ✓ Eigene Werke in EU & China
- ✓ Weltweiter Vertrieb
- ✓ Internationales Lager
- ✓ Qualifizierte Ingenieure
- ✓ Mehrsprachig
- ✓ Premium Qualität
- ✓ Schnelle reaktions und Lieferzeit
- ✓ 24/7 Unterstützung
- ✓ Modifizierungen und Sondermotoren

VISION

Maximizing resources, logistics and energy efficiency to optimize and propel the gains of our customers and achieving a fundament for the wealth of future generations in a responsible manner

MISSION

Providing maximum efficiency and continuity for industrial enterprises and distribution partners

VALUES

OMEC Motors wants to be acknowledged and envisioned by her community and stakeholders for dedication, innovation and reliability

OMEC MOTORS | PRODUCT RANGE

IEC IP55 MOTORS

- IE5 | IE4 | IE3 | IE2 | IE1
Speeds: 500 – 3000 RPM
50 Hz | 60 Hz
- Low Voltage
Output: 0,09kW – 2,5MW
Poles: 2 – 12 pole
- Temperature class: B
Cooling: IC411
- Insulation class: F
Duty type: S
IEC 60034-30 | IEC 60034-2-1
- Cast Iron framesizes: 80 – 800
Aluminium framesizes: 56 – 160
IP55 | IP56 | IP65 | IP66

IEC IP23 MOTORS

- IE4 | IE3 | IE2 | IE1
Speeds: 1000 – 3000 RPM
50 Hz | 60 Hz
- Low Voltage
Output: 11kW – 710kW
Poles: 2 – 6 pole
- Temperature class: B
Cooling: IC01
- Insulation class: F
Duty type: S
IEC 60034-30 | IEC 60034-2-1
- Cast Iron framesizes: 160 – 355
3x PTC 150°C, 3x PTC 130°C
Anti-condensation heater

COMPACT SERIES

- Random winding | formed winding
Speeds: 500 – 3000 RPM
50 Hz | 60 Hz
- Low Voltage
Output: 160kW – 2MW
Poles: 2 – 12 pole
- Insulation class: F
Duty type: S
IEC 60034-30 | IEC 60034-2-1
- Cast Iron framesizes: 315 – 560
3x PTC 150°C, 3x PT100 winding
Anti-condensation heater
- Temperature class: B
Cooling: IC411

HIGH VOLTAGE MOTORS

- Medium voltage | high voltage
Speeds: 500 – 3000 RPM
50 Hz | 60 Hz
- High Voltage up to 11kV
Output: 185kW – 5MW
Poles: 2 – 12 pole
- Insulation class: F
Duty type: S
IEC 60034-30 | IEC 60034-2-1
- Cast Iron framesizes: 315 – 630
3x PTC 150°C, PT100 windings | bearings
Anti-condensation heater
- Temperature class: B
Cooling: IC411, IC01, IC418

SPECIAL MOTORS

- EXD explosion proof motors
EX-II-2G EXD(E) IIc EN60079-0 / EN60079
Output: 0,18kW – 200kW
Medium and high voltage – 12MW
- Single phase motors
Normal | high starting
Output: 0,09kW – 4kW
- Slipring motors
Cast Iron, framesize 280 – 355
Output: 37kW – 315kW
- Permanent magnetic motors Output till 5MW
- Break motors Cast Iron | Aluminium
IEC standard: EN60034-30
Output: 0,09kW – 45kW
- GOST | NEMA motors
NEMA design B or C
Output: 0,18kW – 200kW

EMPOWERING THE FUTURE OF INDUSTRY

With our manufacturing, distribution, R&D and customer service teams OMEC Motors provides continuity, reliability and integrated solutions.

DIE ZUKUNFT DER INDUSTRIE UNTERSTÜTZEN

Mit unsere Produktionsstätten, Vertriebsnetz, F & E und Kundenservice-Teams bietet OMEC Motors Kontinuität, Zuverlässigkeit und Komplettlösungen aus einer Hand.
